

Sustrans Bike It Update

Love your Bike it's Springtime!

Sometimes cycling promotion seems hard in January, February and March, however events like 'love your bike' days keep the cycling focus going. These love heart wheels dreamt up by a St Marks Primary child won a prize for innovation, whilst below the Bike It marshals at Corpus Christi Primary designed their very own all school poetry day, in which children from every year group found snippets of bike related poetry in the playground and each completed a fun Bike loving poem.

Only 1 out of 21 Playground riding sessions this term were stopped due to bad weather! Hooray!

We'd love to hear from you...

About Sustrans

Sustrans is the UK's leading sustainable transport charity. Our vision is a world in which people choose to travel in ways that benefit their health and the environment. Every day we are working on practical, innovative ways of dealing with the transport challenges that affect us all.

About Bike It

Sustrans' Bike It project enables thousands of children to cycle to school every day. It helps schools highlight cycling in their travel plans; supports cycling champions; and proves cycling is a popular choice amongst children and parents. It equips children with the skills they need to cycle, and parents with the peace of mind to let them.

Each Bike It officer works with up to twelve schools for at least a year. They create a pro-cycling culture that then sustains itself – with support schemes like the Bike It School Mark in place to continue the project's benefits.

Bike It is made possible with the support of the Bike Hub and also funding from organisations including the Big Lottery Fund, Transport for London, the Welsh Assembly Government, NHS Primary Care Trusts and local authorities.

Lunch Club Activities: Mapping

Keeping the activity going in schools during winter means lots of fun-informative lunchtime sessions too, this is year 6 marking their cycle routes to school on their own take home maps. **St Aldhelms Combined V.A** school also enjoyed making noticeboards, designing a travel survey, planning lunch clubs for younger children and the all important playground biking sessions.
